1. ABOUT E7 ENTERTAINMENTS

E7 Entertainments is the entertainment, leisure and lifestyle business of an established multinational business group, with offices in Hong Kong, China (Shaoxing) and India (Tiruppur). In India, the business is operated by OXF Global Private Limited.

E7 delivers leisure destinations from concept to grand opening: amusement and theme parks, dinosaur parks and animatronic attractions, water parks, glow gardens and festival lighting, indoor play and game zones, adventure and outdoor attractions, sports facilities and food & beverage setups. E7 sources rides, attractions and equipment through its own international manufacturing network, and supports every project with installation, training, spare parts and after-sales service.

As the number of client projects grows, E7 wishes to build a panel of qualified architects who can turn each client's land and vision into a clear master plan, a convincing walkthrough and a bankable project report.

2. PURPOSE OF THIS EOI

The purpose of this EOI is to identify and empanel experienced Architects / Architectural Firms who will be assigned client projects of E7, on a project-by-project basis, for the preparation of:

- **Detailed Master Plan (DMP)** — site zoning, layout and placement of attractions and facilities;
- **3D Renders and Video Walkthrough** — for presentation to the client, investors and authorities;
- **Detailed Project Report (DPR)** — for client decision-making, financing and statutory approvals.

This EOI is an invitation to apply for empanelment only. It is not an offer of any specific assignment.

3. TYPES OF PROJECTS

Assignments may include, but are not limited to, the following types of projects, for private developers, resorts, landowners, institutions and Government tourism bodies across India:

Attractions	Supporting facilities
Amusement and theme parks — family, kids and high-thrill rides	Ticketing and visitor reception centre
Dinosaur parks and animatronic attractions	Food court, kiosks and cafés
Water parks, slides and lazy rivers	Changing rooms, restrooms and first-aid / safety centre
Glow gardens, illumination parks and festival lighting	Lifeguard stations and watch towers
Indoor play, trampoline parks, game zones and FECs	Souvenir shops and admin block
Adventure parks — zip line, ropes course, luge, rainbow slides	Parking, internal pathways and circulation
Lake-front, boating and water sports zones	Solar lighting, water, drainage and waste management

Additional components may be included based on site conditions and the client's requirements.

4. SCOPE OF WORK

For each assigned project, the empanelled Architect shall provide the following services, as specified in the Work Order for that project:

(i) **Site study:** site visit or virtual review; analysis of topography, access, surroundings, utilities, soil and water conditions, and site constraints.

(ii) **Concept and zoning:** concept plan showing zones, visitor circulation and placement of attractions, prepared together with E7's equipment selection.

(iii) **Detailed Master Plan (DMP):** site plan, area statement, zoning, phasing and layout drawings of all attractions and supporting facilities.

(iv) **3D renders and video walkthrough:** typically 1–3 minutes, suitable for client and investor presentations.

(v) **Detailed Project Report (DPR):** project description, layouts, infrastructure requirements, block cost estimates for civil, MEP and landscape works, phasing and implementation schedule. Equipment details and costs will be provided by E7.

(vi) **Infrastructure planning:** access roads, internal pathways, parking, electrical systems and lighting, water supply, storm-water drainage, sanitation, waste management, signage and safety systems.

(vii) **Approvals guidance:** list of statutory clearances required for each project (such as local body / town planning, Revenue, Electricity Board, Fire, Pollution Control Board, Tourism Department, HACA and CRZ where applicable) and the drawings and documents needed for them.

(viii) **Sustainability:** use of eco-friendly materials and techniques, solar energy and rainwater harvesting wherever practical.

(ix) **Client meetings:** attend client meetings — online or at site — at different stages, and revise the drawings and walkthrough based on client feedback, within the number of revisions agreed in the Work Order.

(x) **Optional services (only when assigned):** working drawings, structural and MEP coordination, and site supervision during construction and installation.

> **Important: All rides, attractions and equipment are supplied by E7 through its own sourcing network. The Architect shall design around the equipment, layouts and technical data provided by E7, and shall not specify, contact or procure from any equipment manufacturer or supplier directly.**

5. ELIGIBILITY CRITERIA

A. Minimum qualification (mandatory)

No.	Criteria	Document required
1	The Applicant (or its principal architect) must be registered with the Council of Architecture (COA), with at least 5 years of practice after registration.	COA Registration Certificate
2	Completed at least 2 projects in any of the following: amusement / theme / water park, resort, tourism destination, large landscape or recreational project, or campus master planning.	Work orders and completion certificates or client letters
3	Ability to deliver 3D renders and video walkthroughs (in-house or through a regular associate).	Links to at least 2 sample walkthroughs or renders
4	Valid PAN; GST registration where applicable.	Copies of PAN and GST certificate

B. Preferred (will earn additional marks)

- Experience in amusement parks, theme parks, water parks or dinosaur / glow-garden attractions.
- Experience in preparing DPRs for Government tourism or urban development projects.
- Experience in obtaining statutory approvals for tourism, resort or recreation projects.

Individual architects and firms may both apply. Only one application per firm will be accepted.

7. APPLICATION FEE AND SECURITY DEPOSIT

No fee or deposit is payable to apply. Applying for this EOI is free of cost.

Architects who are selected for empanelment shall pay a refundable Security Deposit of Rs. 20,000/- (Rupees Twenty Thousand only) at the time of signing the Empanelment Agreement, by NEFT / RTGS / IMPS to the official bank account of OXF Global Private Limited. The bank details will be given in the Empanelment Letter.

Payments must be made only to the bank account of OXF Global Private Limited stated in the Empanelment Letter. No cash will be accepted, and no payment should be made to any individual.

Refund and adjustment

- **Held during empanelment:** the deposit is held for the period of empanelment as a performance security.

- **Refund:** refunded in full, without interest, within 30 days after the empanelment ends or is terminated, subject to the adjustment below.
- **Adjustment:** any actual loss caused by failure to deliver an assigned DMP / walkthrough / DPR within the agreed timeline, or to attend assigned client meetings, may be adjusted from the deposit after prior written intimation.
- **Forfeiture:** the deposit will be forfeited if the architect is found to have furnished false information, or for breach of confidentiality or non-circumvention.

10. TERMS OF EMPANELMENT

(i) **Period:** two (2) years from the date of the Empanelment Letter, renewable based on performance.

(ii) **No guarantee of work:** empanelment does not guarantee any assignment or minimum volume of work. Each assignment will be given through a separate Work Order stating the scope, deliverables, timeline, fee and payment milestones.

(iii) **Fees:** professional fees will be agreed for each assignment before work starts. The indicative fees in Form 6 are for evaluation and reference only.

(iv) **Independent professional:** the Architect works as an independent professional and has no authority to make any commitment, quote any price or receive any payment on behalf of E7 or OXF Global Private Limited.

(v) **Confidentiality:** all information about clients, sites, layouts, equipment, suppliers, pricing and business methods is strictly confidential, during and after the empanelment. Project drawings, renders and videos shall not be published or used in any portfolio or publicity without written consent.

(vi) **Non-circumvention:** during the empanelment and for 24 months after it ends, the Architect shall not deal directly with any client, project or supplier introduced through E7 for the same or a related project, except through E7.

(vii) **Ownership:** drawings, renders, walkthroughs and reports prepared for an E7 assignment become the property of OXF Global Private Limited and / or its client on payment of the agreed fee.

(viii) **Termination:** either party may end the empanelment with 30 days written notice. The Company may terminate immediately for breach of confidentiality or non-circumvention, or for repeated failure to meet timelines.

(ix) **Law and disputes:** this EOI and the empanelment are governed by the laws of India. Any dispute shall first be settled by discussion, failing which it shall be referred to a sole arbitrator under the Arbitration and Conciliation Act, 1996, seated at Tiruppur, Tamil Nadu, in English.

11. DISCLAIMER AND RIGHTS RESERVED

1. This EOI is not an agreement, and is not an offer or commitment by OXF Global Private Limited or E7 Entertainments to any party. Its purpose is only to invite applications for empanelment.
2. Applicants should make their own assessment of the information in this document. The Company makes no warranty about its completeness and shall have no liability arising from it.
3. The Company may amend this EOI, extend any date, or cancel the process at any stage. Any change will be published on the Careers page of www.e7entertainments.com.
4. The Company reserves the right to accept or reject any or all applications, in full or in part, without assigning any reason.
5. Applicants shall bear all costs of preparing and submitting their application, and no claim shall arise in any event.
